[Empty text box for question 1 response]

2. At the time of signature, is the applicant aware of any circumstances which could give rise to a pollution incident with regard to any sites for which application for insurance is being made? [] Yes [] No If yes, please explain below:

[Empty text box for question 2 response]

3. At the time of application, are all of the applicant's tanks listed in this application in compliance with effective regulations set forth by the United States Environmental Protection Agency and any state agency with responsibility for protection of its environment or authority to implement the regulations for protecting its environment? [] Yes [] No If no, please explain below:

[Empty text box for question 3 response]

The undersigned is authorized to sign this application declares to the best of his/her knowledge, that statements set forth are true. Any person who, knowingly and with intent to defraud any insurance company or other person, files an application for insurance containing any false information, or conceals for the purpose to misleading by withholding information concerning any material fact thereto, commits a fraudulent insurance act, which is a crime. Signing the application does not bind the undersigned or insurance company to complete the insurance, but it is agreed this form shall be the basis of the contract should a policy be issued. Should a policy be issued, an enforcement of this application shall be in the same venue as enforcement of the contract provisions. The company is authorized to make any investigation and inquiry in connection with this application it deems necessary.

If the applicant becomes aware of a pollution incident at any site for which application for insurance is being made between the date of application and issuance of the policy, the applicant will notify the Company immediately of the event.

Please list specific changes:

For new locations, please complete the New Business Application.

UST FACILITY OPERATOR TRAINING QUESTIONNAIRE

In accordance with Federal Law (the Energy Policy Act of 2005) the TCEQ adopted new rules on February 23, 2011, which created a new subchapter "N" in Title 30, Texas Administrative Code, Chapter 334 specifying new UST facility operator training requirements. Those new rules became effective March 17, 2011.

Please complete the following by listing all employees, by full name, who qualify by class.

Class A Operator - An individual who must have general knowledge of the requirements of all applicable UST regulations, typically a facility owner or manager who can manage resources and personnel as necessary to maintain compliance with UST regulations.

Class B Operator - An individual who ensures the implementation of all applicable UST regulatory requirements at a facility and implements the day to day aspects of facility operations, maintenance and record keeping.

Class C Operator - An individual, typically a clerk, who controls the dispensing of fuel and is responsible for initial response to emergencies.
